

You have the freedom to see any licensed dentist that you wish. However, BCBSNC recommends you select a dentist from our available list of dental providers in North Carolina. When you receive covered services from a participating dental provider you are not responsible for any charges over the allowed amount, which means you may save on your out-of-pocket expenses for dental services. These providers have been credentialed and approved by BCBSNC. Dental providers available through this directory will file your dental claims on your behalf. Use this directory to locate a participating dentist in your area.

**DISCLAIMER:** You must be enrolled in a dental plan that offers a participating provider arrangement. Please refer to your Member Guide for details.

**THIS DATA IS CURRENT AS OF 2/1/2010**

We do our best to post the most accurate, up-to-date information. However, because we continually add providers to our network and providers occasionally decide to discontinue their participation, we cannot guarantee the accuracy or currency of our information at the time of your search.
